

Sobia Ghani - Front-end Developer/ UI designer

Phone: +923059302565 | Portfolio | [Email](#) | [Github](#) | [Linkedin](#) |

Summary:

Passionate Front-end developer with a knack of creating intuitive and high-performing web apps. Adept at contributing to a highly collaborative work environment, finding solutions, and determining client satisfaction. With a passion for both personal growth and software development. I am ready to apply my passion for coding to a talented engineering team to develop quality solutions.

Experience

2020 To Present

Transmogrify (remote)-Freelance Front End Developer

- Assisted in building beautiful user interfaces for clients without compromising functionality for aesthetics.
- Implement newly learned object-oriented programming to develop client-server systems.

2019 To Present

Fiverr (remote)- Freelance Front End Developer

- Assisted a company's development team in maintaining their different websites.
- Implementing front-end development solutions to create more than 20 new web pages to meet project requirements.
- I have partnered with the designer's team to take client wireframes from conception to implementation.
- I also worked with a team, in a collaborative environment to receive design requirements, peer programs, and test applications.
